

BRUNO NUNES

FULL-STACK DEVELOPER

São Leopoldo - RS - Brasil | brunonunes.sl08@gmail.com | <https://bruno08nunes.vercel.app/>

SUMMARY

Early-career Full-Stack Developer with a passion for turning ideas into practical solutions and continuously learning new technologies. I value collaboration as a key part of professional growth and seek opportunities to contribute to real-world projects while evolving as a developer.

PROJECTS

Minerva

Maio 2025 - Present

- Gamified application for teaching logic and programming, featuring a lesson system, user progress tracking, and interactive challenges.
- Frontend developed with Next.js, React, TypeScript, and Tailwind CSS, enabling a responsive design with a strong focus on user experience.
- Backend built with Node.js, Express, TypeScript, Prisma, and MySQL, implementing authentication, business rules, and data persistence.

Loja-Loja

Abr 2024 - Out 2024

- Online store with a product catalog and shopping cart.
- Frontend built with HTML, CSS, and JavaScript, enabling responsive design, local data persistence on the user's device, and PDF purchase receipt generation using html2pdf.
- Backend developed with Node.js, Express, and MySQL, supporting product management and user authentication, including image uploads using multer.

Pokemon

Nov 2024

- Game in which the user must guess which Pokémon is shown based on its silhouette.
- Frontend structure built with HTML, CSS, and JavaScript.
- Uses the PokeAPI to retrieve Pokémon data.

SKILLS

Frontend	Backend	Additional
JavaScript	TypeScript	Git
TypeScript	Node.js	Github
Next.js	Express	Figma
React	SQL (MySQL e PostgreSQL)	Intermediate English

EDUCATION

Technical High School in Web Development - SENAC RS

Fev 2023 - Dez 2025

- Technical education integrated with high school, covering the development of websites and web applications using HTML, CSS, JavaScript, and Express; programming logic; databases (MySQL); version control with Git and GitHub; and responsive design.
- Additionally, I participated in the 1st Scientific Exhibition of Innovation and Integration (MOCIN²), held on August 30, 2025, where the Minerva project was presented to the public.
